ANNUAL OPERATING BUDGET IMPACT (\$000)

DESCRIPTION

North Four Corners Local Park is a 13.9-acre park located near the commercial node of Four Corners in Silver Spring. The project provides improvements to the new, undeveloped six-acre park tract including the following: rectangular sports field, 50 space parking area with vehicular access from University Boulevard, a playground, a Class I bikeway from University Boulevard to Southwood Avenue, paved loop walkways, a plaza with seating areas and amenities, portable toilets, fencing, landscaping, and storm water management facilities. The existing 7.9-acre park area will be renovated to provide additional parking, renovation of an existing field, trail connections, underground stormwater management facilities, landscaping and other minor improvements. Design will begin FY12 and construction follows beyond the six-year CIP.

JUSTIFICATION

The Four Corners Master Plan, approved December 1996, recommended acquisition of the six-acre park property and expansion of this park for the purpose of providing additional active recreation facilities in the down-county area. The Montgomery County Planning Board approved the park facility plan on September 22, 2005. The 2005 Draft Land Preservation, Parks and Recreation Plan (LPPRP) estimates a need for more than 10 additional soccer fields in the Silver Spring/Takoma Park Team Area. This park is one of a very few vacant areas suitable for field construction and will provide an essential new soccer field for this area.

Plans and Studies

Four Corners Master Plan, approved and adopted in December 1996. Parks, Recreation and Open Space (PROS) Master Plan approved by the Montgomery County Planning Board in July, 1998. 2005 Draft Land Preservation, Parks, and Recreation Plan (LPPRP). Countywide Bikeways Functional Master Plan, approved and adopted in February 2005. Park facility plan approved by Montgomery County Planning Board on September 22, 2005. A review of impacts to pedestrians, bicycles and ADA requirements (Americans with Disabilities Act of 1991) will be performed and addressed by this project. Traffic signals, streetlights, crosswalks, bus stops, ADA ramps, bikeways, and other pertinent issues will be considered in the design of the project to ensure pedestrian safety.

Cost Change

Not applicable.

STATUS

Final design stage.
